

County Durham Families Information Service

Pendragon Multi Sensory Unit

Pendragon is a multi sensory centre - a special place for special people. We are located in Northallerton and will provide support and make a real difference to the lives of those with physical, mental and emotional difficulties and their families and carers.

We provide a wonderful range of sensory experiences and therapeutic and developmental opportunities and support to visitors.

We also provide a haven for clients, their families and carers who are seeking respite, relaxation and an opportunity to meet. This includes a large studio-based specialist multi-sensory environment for groups of up to 14, and a smaller environment for more personalised use by up to 2 clients.

We have full hoisting facilities and a purpose built changing room for people using the centre.
