

County Durham Families Information Service

Diabetes UK - Durham Group

We meet to hear talks about research and new developments for treating diabetes, as well as information to help understand the condition. Meeting other diabetics can help members to share problems, gain confidence and make new friends.

Our members raise funds for research into the causes, prevention and treatment of diabetes and support local people.

There are no costs or charges.

We currently meet at the Diabetes Centre, University Hospital of North Durham at 7.30pm on the second Tuesday in March, April, May, September, October and November. Please contact us to confirm programme events.

When is it on?

Session information Second Tuesday of each month 7.30pm
