

Juvenile Arthritis - kids get arthritis too!

The National Rheumatoid Arthritis Society (NRAS) is a UK charity supporting adults and their families living with rheumatoid arthritis (RA), and children, young people and their families affected by juvenile idiopathic arthritis (JIA). We also support health professionals treating the conditions.

If you are a parent/carer of a child or young person (under 16) who has recently been diagnosed and have questions, please get in touch. Our service is free and confidential. For updates on family fun days, new materials and creative events for children and young people across the UK please contact us.

We offer number of information booklets including guidance for schools and parents for students with juvenile idiopathic arthritis. Our booklets can be downloaded or sent by post.

When is it on?

Session information 9.30am - 4.30pm
