## Hexham General Hospital

We are a modern hospital providing a full range of diagnostic services and a walk-in service for urgent care open 8.00am - 10.00pm. Our wards include an oncology day unit, a surgical ward for patients who have had general, orthopaedic and gynaecological surgery, a stroke rehabilitation and care of the elderly ward and a general medicine ward.

For the privacy and dignity of patients, our wards are largely single, en-suite rooms. We also have a midwifery-led maternity unit with birthing pool. Two GP practices are based within the hospital.
