

Supporting Children with Special Educational Needs and/or Disability (SEND)

Within the Bi-Borough a small number of Nursery Schools have been selected to provide an enhanced offer to support children with SEND and their families. Within RBKC there are two schools, Chelsea Open Air and Golborne Maxilla that will be supporting families and the PVI through a needs-led offer.

Support for the PVI Sector:

- Half termly SEND Surgery to offer guidance and support
 - Half Termly Tours of Outstanding SEND provision
 - Signposting to organisations tailored to your needs

Over the course of the year there will be different themes, with a focus on successful transitions, putting together individual plans for children with SEND and advice on intervention groups that could enhance your provision.

Support for Families:

- Half termly Coffee mornings for parents with children with SEND
- Guest speakers, experts in their fields to offer guidance and support
 - Signposting to organisations tailored to their needs

To join the mailing list and find out more about enhanced provision please email Veronica.Hilliard@golborne.rbkc.sch.uk
