

ADVOCACY

An Advocate is an independent person who supports you to:

- Express your views, wishes and feelings.
- Have your say and be involved in decisions about you.
- Make you aware of your rights to help you make an informed decision.
- Make complaints if you are not happy or feel something is wrong.

We can provide advocacy support to Children and Young People aged 8-18 who are involved with Children's Social Care.

If you feel you need support from an advocate call 01772 629470 or e-mail emma.venn@barnardos.org.uk
