

Help and Advice for Prisoners and Their Families

This is an information sheet that gives a brief description of services that are available in Sussex to support Prisoners and their Families.

Sussex Prisoners' Families

Sussex Prisoners' Families is a community interest company which supports local families to cope emotionally and practically with the imprisonment of a loved-one. They offer support and advice to families, as well as training and awareness-raising for professionals so that they can better meet families' needs.

Partners of Prisoners (POPS)

POPS provide information and support to the families of offenders from their earliest contact with the Criminal Justice System (CJS), through to release and beyond. Described as the 'Continuum of Care', POPS model of service delivery is the skeleton around which they build consistent and coordinated services which ensure offenders' families have access to timely and appropriate support throughout their contact with the Criminal Justice System.

The 'Continuum of Care' encourages effective partnerships and robust referral systems to ensure families are able, at all times, to receive the tailored support they require to address their particular needs.
