Many people are getting unwell because of Coronavirus.

To keep people safe, we need to stay at home.

Schools and many places are closed, including the Bucks Activity Project.

When Bucks Activity Project is closed, I will stay at home.

There will be no activities for a while and it is ok.

My carers will tell me when Bucks Activity Project opens again.
It is ok to be worried or feel anxious when things are different.

When I feel worried or anxious, I can talk to my family and carers.

It might be a little while before I can go to Bucks Activity Project again, and I will be ok.
