Stand up to abuse

Abuse can happen anywhere to anyone, and it’s everyone’s responsibility to stand up and stop it happening. If you think someone is being harmed physically or emotionally, don’t ignore it - report it! Contact Bury Council’s Social Care Services now.

What happens when abuse is reported?

Social Care Services will listen to your concerns, offer guidance and can take action on your behalf if someone is in danger. You can remain anonymous, or ask us not to share your details with the police or others if you have any concerns about this.

Keep an eye out

Adult abuse takes many different forms and can be hidden from plain sight. As well as physical and emotional abuse, it can include discrimination, care needs being neglected, being forced into sexual activities without consent or intimidating pressure around a person’s property or finances. Abuse can also be carried by organisations, where people are forced to follow unfair regimes and practises.
