

## Workshop to embed whole school approach to early help

As part of SHS Membership you can choose one of the workshops below to increase awareness and provide practical tools to staff across your school. The workshops have been designed to be truly solution focussed and pick up on three very important topics for schools.

### Maximising Parental Engagement

Identify and understand a range of strategies and tools that maximise parental engagement.

### Increasing Attendance

Explore new strategies to engage children and young people with low attendance.

### Effectively Managing Transitions

Identify the key issues that many children, young people and their families face around transitions.

## SHS Online Learning

Get access to a wide range of online learning courses, with new courses added all the time.

### Over 28 courses online including:

Autism Awareness  
Child Protection - foundation level 2  
Young People & Risky Behaviour

Children in school, ready to learn

Solve your early help dilemma with SHS Membership

SHS has over 30 years experience of delivering support to children and families within schools. We are experts in identifying and tackling the barriers that prevent disadvantaged children from achieving at school. A vital element of this work is engaging parents in their child's learning and their school life. With the increasing focus on safeguarding within schools it's never been more important to make sure you

are working with parents effectively.

SHS Membership provides professional support to your staff responsible for engaging with parents. We know that with the wide range of demands placed on senior leaders in schools, these staff do not always receive the support and training they need to ensure they are working in a safe and bounded way, maximising the impact of their work.

**"I have found external supervision with SHS invaluable. With my cases it has enabled me to make sure I have covered all aspects and gained a holistic view. This in turn gives me peace of mind."**

Francesca Paliotta, Parent Support Advisor, Five Elms Primary School.

## Supervision

Supervision is vital for staff to enable them to deliver effective support to children and families. As the number of safeguarding cases continues to rise, supervision provides:

- Dedicated space to reflect upon case work
- Opportunities to develop better understanding and skills of professional practice
- Professional perspective on case work and good practice
- Space to explore and express the personal emotions brought up by the work.
