

**IDEAL
FOR ALL**

**Making life better
for all of us**

**Direct Payments
Support Service**

Ideal for All provides a comprehensive support service for individuals receiving direct payments from local councils and health authorities.

Each year we support over 1,000 direct payment recipients to direct their care in a way that suits them.

By choosing Ideal for All you can expect the highest level of service, tailored to your individual needs, designed to increase your independence and improve your health and wellbeing.

Our services are also available to people who are funding their own care needs.

What we offer

Information, Advice and Guidance

Working in partnership with your local authority and/or health authority we can support you to understand how direct payments work.

Recruitment Support

If you choose to employ your own care staff or personal assistant/s, we can help you to recruit the right person for the role, including advice on job descriptions, employment contracts, and other aspects of hiring employees using your direct payment.

“Having Ideal for All do all the paperwork and financial aspects has made the whole process easier to understand.”

Employment Support

Our team can provide you with the necessary information and training to become a good employer and keep you updated as legal requirements change.

Payroll

We offer a reliable and low cost payroll service for employers of personal assistants or carers.

Managed Accounts

If required, Ideal for All can also manage your direct payment funds. You will still have control over your care package, our qualified and experienced staff can manage and monitor your funds on your behalf.

Support Planning

Working closely with you, Ideal for All can assist you to produce a support plan, ensuring all your care requirements are costed and included.

Personal health budgets

We can guide you through the process of accessing a personal health budget via a direct payment, including developing an individual care and support plan.

Peer support

Meet other direct payment recipients and discuss your experiences of managing a direct payment whether that be about employing a personal assistant or using a payroll company.

Self-funding your care

If you're not eligible for financial help towards the cost of your care or health needs from your local authority or the NHS, you'll have to pay for your care and support privately. If you are funding your own care, you can purchase many of the services we provide for direct payment recipients such as recruitment, employment, and payroll services. Contact us to discuss your needs.
