

Children and Young People's SEND Promise for County Durham

Introduction

The eXtreme group is recognised by the SEND Strategy and Accountability group as a representative voice for children and young people with SEND living in County Durham.

Facilitated by Investing in Children, the group work together to share their views and to identify how services can make positive changes based on the experiences of children and young people with SEND.

The eXtreme group completed their own independent review, and as a group, came together to look at key themes that they would like to see prioritised.

The eXtreme group have subsequently developed a young people's charter the Children and Young People's SEND 'Promise'. This is a revision of the two existing charters previously in place with the Local Authority and the former Primary Care Trusts, providing one document for all organisations and services within the local area, for children and young people with SEND.
