Autism Awareness Training

For Early Years Practitioners

Monday 13th January 2020 (9.30am-4.00pm)

Venue: John Perryn Children’s Centre, Long Drive, Acton, W3 7PD

Part 1 – This session is designed for Early Years (EY) Practitioners working with children 0-5 years. Session 1 provides foundation information for EY practitioners on Autism Spectrum Disorder.

Aims:
- To develop an understanding of Autism Spectrum Disorder (ASD)
- To be able to identify potential signs of ASD
- To raise concerns to families about children you are working with
- To know how to refer onto other services locally (e.g. who’s who, and an overview of the referral process)

Part 2 – This session focuses on how EY practitioners can support the child with ASD in a nursery setting.

Aims:
- To understand the importance of the environment
- To develop awareness of the relationship between language and behaviour
- To learn practical strategies to support the child’s communication in the nursery setting
- To learn about further training courses/CPD opportunities
Booking is available via the Ealing Early Years CPD online (www.ealingcpd.org.uk).

This training session will be run by the Early Start Speech and Language Therapists on:

Monday 13th January 2020 (9.30am-4.00pm)

Venue: John Perryn Children’s Centre, Long Drive, Acton, W3 7PD

Please note: lunch will not be provided on this course.
