Part 1 – This session is designed for Early Years (EY) Practitioners working with children 0-5 years. Session 1 provides foundation information on how speech, language and communication develop and what can go wrong.

**Aims:**
- Describe the development of speech, language and communication skills in children under 5 years
- Identify risk factors which impact on the development of communication skills
- Understand the role practitioners play in supporting speech, language and communication development in children aged 0-3 years.
- Be able to gather information regarding any difficulties, along with knowledge of when and where to refer.

Part 2 – This session focuses on how EY practitioners can support children within their setting to develop their speech, language and communication skills.

**Aims:**
- To understand the importance of the environment
- To learn practical strategies to support every child’s communication in the nursery setting
- To learn about further training courses/CPD opportunities
