

Coronavirus – Staying Safe

People are talking about Coronavirus because it is a new type of flu

Just like with all other colds or flu it is important to be healthy

Children and adults are very good at fighting the flu

Just like all colds or flus it can be harder for older people to stay healthy from flu

I can stay healthy by

When preparing food

**FREQUENTLY
WASH HANDS
WITH SOAP**

After sneezing or blowing my nose

Before eating

After using the bathroom

If they are dirty

I can stay healthy by

Not touching my face, or biting my nails

Trying not to touch outside doors, handles, railings

I can help keep others healthy by

Coughing & sneezing into my elbow

Putting used tissue in the bin

Staying at home if I feel sick

**Just like any other cold or flu
Coronavirus will go away in
a couple of months**

**I do not need to worry about it
but if I am unsure I can talk to my caregivers**
