What is a Direct Payment?
Families now have the opportunity to have more control over the support their child receives. If your child is assessed as needing services from Children’s and Joint Commissioning Services at Hartlepool Borough Council, you can choose to receive the money to buy those services yourself. Using a Direct Payment gives you the flexibility to decide who is going to provide a service and to arrange how and when any service is provided.

What can I use Direct Payments for?
The money is for you to use to pay for the services which will meet the needs of your child. It allows you to buy the care your child needs instead of having services organised for them. A Direct Payment can be used for:

- Getting help with your child’s personal care, for example bathing, dressing, eating or helping look after them overnight;
- Helping your child use leisure and educational facilities;
- Help with household tasks to free up your time to look after your child;
- A place at a dry nursery or after-school care.

A Direct Payment CANNOT be used for residential care.

How can I get a Direct Payment?
You must contact us to have your child’s care needs assessed. If we agree that services are needed, we will complete a ‘care plan’ which outlines the support required. At this point, if appropriate, you will be offered a Direct Payment.

How do I manage my Direct Payment?
Once you social worker is satisfied that a direct payment can meet your child’s agreed support needs you can have as much or as little support as you choose in managing your payment.
