From the 1st April 2017 change, grow, live (CGL) will begin delivering the ResoLUTiONs Alcohol and Drug Recovery Service across Luton. CGL have many years’ experience in the delivery of these services and will offer advice, information, support and treatment for adults and young people who are experiencing issues with alcohol and drugs. We will provide a confidential and non-judgemental service with a warm welcome.

We will be working in partnership with organisations including; NOAH Enterprise, KIKIT, Luton LGBT Links, Intuitive Thinking Skills, Luton GOAL and Stepping Stones, to provide the best possible service.

Service users will be able to select from a menu of treatment options and we will support them to choose the appropriate level and type of support. Whether the service user has recently become concerned about their alcohol and/or drug use, or has been drinking or taking drugs for many years, the ResoLUTiONs Alcohol and Drug Recovery Service can support them to make healthier choices and improve their lifestyle.

“With support from the staff I achieved my goals.”
- Service user
Accessing the service
We can meet service users at a venue close to their home, such as GP practice, pharmacy, community centre or an alternative suitable venue that is local to them. We will discuss the service user’s individual needs and together develop a tailored recovery plan to help them progress towards their specific goals.

Staff Team
The ResolUTiONs service will consist of a multi-disciplinary staff team including; Recovery Coordinators, Counsellors, Associate Speciality Doctor/GPSI, Clinical Psychologist, Social Worker, Dual Diagnosis Worker, Nurses, Young People’s Workers, Peer Mentors and Volunteers.

The ResolUTiONs service will be delivered from the following premises:

2-12 Victoria Street, Luton, LU1 2UA – Main Treatment Hub
89 Castle Street, Luton, LU1 3AJ – Recovery Hub

In addition to the premises listed above, we will be offering services from a wide range of community venues.
