## Description

Age range: 3 years to reception year

Number of vacant places: 14

Have a waiting list: No

Date of update: 13 April 2016

This setting is a nursery based within a school.

Our nursery benefits from a spacious setting. We have two large rooms, a dedicated outside area and a large playground which we share with the Reception classes.

Our curriculum is book based and designed to meet the requirements of the Early Years Foundation Stage Curriculum. We place a lot of importance on developing the children's speaking and listening skills.

The children in the nursery are able to engage in a range of experiences which are designed to develop both their academic and social development, including growing flowers and vegetables. We encourage the children in our care to develop their independence and become confident individuals who are proud to follow the Whitefield Way.

We work closely with the school's Family workers to support families as their children begin their learning journey with us. Families are encouraged to support their children's learning and receive regular updates about what their children are learning and activities they can do together at home.
