OUR SERVICE

Core Assets Children’s Services deliver the new North Somerset Turning the Tide Service.

We provide a variety of support to families with children and young people aged 10 to 17 years.

We understand how hard it can be to raise children and teenagers at times. We want to help you by offering practical suggestions, advice and guidance, to support your family.

WHO ARE WE?

Core Assets have over twenty-two years’ experience in providing support for children and families. If you would like to find out more about the family work we do, please visit our website at:

WHAT WE DO

The first and most important thing that we do is listen. You will be assigned a key worker who will work with you and your family, offering practical support and advice.

TYPES OF SUPPORT WE OFFER INCLUDE...

- Support with school attendance
- Guidance & advice establishing household boundaries and routines
- Advice on new approaches to parenting
- Support to understand your child’s feelings and behaviour

We will make sure you’ll always have the right to support at the right time, which will be agreed with your key worker.
