Oxfordshire Special Schools FRAMEWORK for Relationships Education (Primary) and Relationships and Sex Education (RSE) (Secondary)

This framework has been developed using the Department for Education Draft guidance Relationships Education, and RSE and Health Education FEB2019 but does not include materials for health education. The framework should be used alongside the guidance which provides information about requirements, policy, working with parents and carers etc. The framework aims to provide resources and activities, based on the DfE recommendations for what pupils should know at the end of primary and secondary school. The majority of materials are provided in the “primary” framework and this also includes materials and activities that can be used by secondary special school pupils. Some additional materials are also provided in the secondary framework. The DfE guidance refers to the need to make materials accessible for all pupils including those with special educational needs and disabilities (SEND) and this framework aims to support schools to do this. The guidance also states that when delivering RE and RSE, school should ensure that they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics. Schools should ensure that when they deliver education about LGBT that this is fully integrated into their programmes of study rather than delivered as a stand-alone unit. We are aware that this is an area where schools feel least confident and have included a variety of activities and resources. Many good resources that we have recommended are not LGBT Inclusive so will need to be adapted to meet the requirements of the guidance (a fully integrated programme).

Please refer to all the columns (pre-formal, semi-formal and formal) as some resources and activities are interchangeable or adaptable to different levels of ability.

Acknowledgements: This piece of work was co-ordinated by Jo Brown, Anti-Bullying Co-ordinator for Oxfordshire County Council and Joe Butler at SEND Support (Special Educational Needs and Disability Consultancy and Training)

The following people contributed to the creation and development of this framework and thanks go to them and to their schools for supporting their contribution:
Russell Chinnery, Iffley Academy; Zoe Dobson, Springfield School; Lyndsey Jenkins & Anne Peake, Woodeaton Manor; Amanda Makoka, Mabel Prichard School; Alexandra Miller, Fitzwaryn School and Esther Palmer, Frank Wise School.

NB: This is a working document and is still being developed. Please contact amakoka@mabelprichard.org if you have any suggestions for further resources or activities that could be added. If you would like to be involved in sharing resources and ideas across schools please e-mail Amanda to provide a named person in your school who would like to contribute and be involved in this process.
Resource Section: Please refer to this section to provide reference to core resources and additional materials to support with the delivery of inclusive RSE.

General

www.pshe-association.org.uk/ a national body that accredits and quality assures resources for PSHE education.
www.sexeducationforum.org.uk a national body that works to provide quality relationships and sex education resources
Both these organisations will be publicising all the latest developments in RSE and linking to DfE requirements. Both organisations provide training and resources and also membership that provides access to additional benefits.

Families and people who care for me

Pupils should know:

- that families are important for children growing up because they can give love, security and stability.
- the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other’s lives.
- that others’ families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children’s families are also characterised by love and care.
- that stable, caring relationships, which may be of different types are at the heart of happy families, and are important for children’s security as they grow up.
- how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.

Families don’t have to live in the same house – sort important family members photos into their homes e.g. Grandparents. Who is in your family? Share with the group to recognise how people’s families are different. Widen the different families net including same sex families, living in care, grandparents, foster / adopted families. Use Stonewall’s ‘Different Families – Same Love’ posters, card game and resources, and picture books where same sex parents are included / incidental to the story e.g. Picnic in the Park, Spacegirl Pukes, The Different Dragon (Jennifer Bryan), And Tango Makes 3 etc. (Stonewall primary book list).</td>

Different families / relationships – picture books / videos / photos / pictures to build families / dolls houses and figures to explore family types – consideration of fostered / Looked after children – Include same sex parents and carers through picture books / Book Bags / Sensory Stories e.g. Picnic in the Park, Spacegirl Pukes, The Reluctant Dragon, And Tango Makes 3 etc. (See Stonewall Primary booklist) Use dolls to create different families etc.

Ask families to share photos / videos of activities families do together – sharing meals / sitting around a table, outings, holidays. Share these with the class to celebrate, identify peers with their families.

Experiencing / modelling these activities within the school setting – share these videos / photos as a class to celebrate the ‘school family’ e.g. the importance of sitting and eating a meal together.

(N.B. Caution over labelling / reinforcing all families equalling love and care if not confident of this)

Teaching that needs / responsibilities and families change as pupils grow older – including additions to families / losses – people leaving (permanently or e.g. going to university (changes to routine) / bereavement e.g. Remembering Grandad, Badger’s Parting Gift, Seesaw Learning Disability Pack on Bereavement (include this work in timely teaching as needed for individuals).

Explore that families aren’t always happy / don’t always get on – Pupils need to know they can’t always have exactly what they want when they want it. Teaching around sharing, understanding another’s feelings / point of view, turn-taking, arguments. Equipping pupils with e.g. Now, Next, Later strategies / coping strategies to deal with conflict in families.

What to do if feeling unhappy / unsafe in a family – Picture / symbol activities teaching trustworthy people who pupils can tell / get help from e.g. outside help (nurse, doctor, extended family, social care, school, short breaks care)

Consistent, ongoing work around equipping pupils with a voice and an understanding of their importance.

Real Families Rock posters from http://www.outforourchildren.org.uk/resources/ provide examples of different families.

Use picture books where same sex parents are included / incidental to the story e.g. e.g. Picnic in the Park, Spacegirl Pukes, The Different Dragon, And Tango Makes 3 see https://www.stonewall.org.uk/resources/primary-school-book-list

A family is all the different people you live with. List the people that are important to you and label how they are important to you.

Comparing family dynamics in different stories / texts as discussion starters e.g. Fairy Stories, how the Dursley’s treat Harry Potter etc.

What can go wrong in families?

Students to think about all the different situations that could make them feel unhappy or unsafe. Staff to categorise to the following heading (where appropriate)
Sensory work around what makes pupils feel happy / safe?
Families should meet our key needs e.g. look at a baby who can’t do anything and needs milk from Mum or bottle from other family members etc. Experience providing a blanket when cold e.g. with fan on, sharing food and drinks, umbrella / tent cover from the rain, cream on hands, massage etc. Pupils supporting peers with this. Reinforce link that families provide food, shelter, warmth, love, care, protection, company, touch, listening, understanding people as individuals (different likes / dislikes) etc.

Ask for special items from home that make people feel safe (maybe different items from different stages e.g. a special teddy, comfort blanket, baby gro etc. – Sensory activities)

Secondary – Look at old photos / videos. Labelling for pupils how their tastes in songs e.g. nursery rhymes to pop / clothes / hairstyles / activities they like have changed over the years / are they different to younger or the need to use their voice and the power of their voice

Labelling / understanding emotions linked to strategies

Choice and advocacy – teaching and reinforcing their right and power to say “No”

Teach about different partnerships including marriage / civil partnerships. Experience mock weddings / civil partnerships from different cultures and including same-sex examples e.g. Prince Henry, King and King. Celebrate and share photos of pupils attending weddings / Civil Partnerships, and celebrate staff weddings / Civil Partnerships.

Secondary - Teach the legalities / responsibilities of marriage / Civil Partnerships – have to be 16, different to having a boyfriend / girlfriend. Same sex can marry / civil partnership. Teach that Marriage / Civil Partnerships / Committed Relationships / Not wanting a relationship are all OK, people show commitment in lots of different ways.

Secondary - Teaching about Forced Marriage and link to consent / advocacy

Consistent, ongoing work around equipping pupils with a voice and an understanding of the need to use their voice and the power of their voice. Choice and advocacy – teaching

Neglect, physical abuse, sexual abuse, emotional abuse, honour based, forced marriage, domestic abuse, drug misuse, alcohol misuse, FGM, County lines, self-harm.

That sometimes it may be appropriate to lie in order to get yourself out of an unsafe situation. Relates to family and non-family situations.

Activity “All lies are bad” discuss. Create some situations when it’s ok or not ok to lie. E.g.

- Your friend has a spot on their nose and is very embarrassed. You say don’t worry you look fine;
- Your friend wants you to go to the park with them, but you know your Mum wouldn’t want you to go on your own; (you tell them you need to be home for tea).
- Someone asks you for your phone number and address, but you don’t know them very well
- Your friend has a new hair-cut which looks odd, but you don’t want to hurt their feelings.
older siblings / family members? Be sensitive towards personal circumstances and that for some pupils these may stay the same or they may have greater needs as they get older (e.g. deteriorating conditions).

Teaching who can help you e.g. modelling / teaching how to ask for help (signs, symbols, vocalisations, AAC, gesture e.g. giving the orange to unpeel etc.) and reinforcing their right and power to say “No”

### Caring Friendships

Pupils should know:
- how important friendships are in making us feel happy and secure, and how people choose and make friends.
- the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties.
- that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded.
- that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right.
- how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, how to manage these situations and how to seek help or advice from others, if needed.

Respectful Relationships
Pupils should know:

- the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs.
- practical steps that they can take in a range of different contexts to improve or support respectful relationships
- the conventions of courtesy and manners.
- the importance of self-respect and how this links to their own happiness.
- that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority.
- about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help.
- what a stereotype is, and how stereotypes can be unfair, negative or destructive.
- the importance of permission-seeking and giving in relationships with friends, peers and adults.

## Online Relationships

Pupils should know:
- that people sometimes behave differently online, including by pretending to be someone they are not.
- that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous.
- the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them.
- how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met.
- how information and data is shared and used online.

**Internet Safety and Harms** (from mental well-being)
Pupils should know:
- that for most people the internet is an integral part of life and has many benefits.
- about the benefits of balancing time spent on and offline and the impact of positive and negative content online on their own and others’ mental wellbeing.
- how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private
- why social media, some computer games and online gaming, for example, are age restricted.
- that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health.
- how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted.
- where and how to report concerns and get support with issues online

**Being Safe**

Pupils should know:

- what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context).
- about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe.
- that each person’s body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact.
- how to respond safely and appropriately to adults they may encounter who they do not know.
- How to recognise and report feelings of being unsafe or feeling bad about an adult
- how to ask for advice or help for self and for others, and to keep trying until they are heard
- how to report concerns or abuse and having the vocabulary and confidence needed to do so
- where to get advice from e.g. family, school and/or other sources

### Mental Well-being

Pupils should know:

- that mental wellbeing is a normal part of daily life, in the same way as physical health
- that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations.
- how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others’ feelings.
- how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.
- the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness.

Explore keeping safe and decision making – use Activity 8 in the resource section based on the framework below.

Think:

1. Yes, No or Don’t know feeling.
2. Does someone I trust know where I am?
3. Can I get help if I need it?
4. Should I do it?

Scenarios to explore provided in activity 8.
• simple self-care techniques, including the impact of relaxation, time spent with friends and family and the benefits of hobbies and interests.
• isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.
• that bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing
• where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else’s mental wellbeing or ability to control their emotions (including issues arising online)
• it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if it is accessed early enough.

Respectful relationships including friendships

- the characteristics of positive and healthy friendships (in all contexts including online) including: trust, respect, honesty, kindness, generosity, boundaries, privacy, consent and the management of conflict, reconciliation and ending relationships. This includes different (non-sexual) types of relationship.
- practical steps they can take in a range of different contexts to improve or support respectful friendships
- how stereotypes, in particular stereotypes based on sex, gender, race, religion, sexual orientation or disability, can cause damage (e.g. how they might normalise non-consensual behaviour or encourage prejudice).
- that in school and in wider society they can expect to be treated with respect by others, including people in positions of authority and due tolerance and respect to others and others’ beliefs,
- about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders to report bullying and how and where to get help.
- that some types of behaviour within relationships are criminal, including violent behaviour and coercive control.
- what constitutes sexual harassment and sexual violence and why these are always unacceptable.
- the legal rights and responsibilities regarding equality (particularly with reference to the protected characteristics as defined in the Equality Act 2010) and that everyone is unique and equal

Examples of schemes of work in different schools and how they are developed to meet the needs of learners.

**Springfield:** Revise, Teach, explore model valuable – build on existing knowledge, and ensure every topic is explored in different ways to improve depth of learning and experience.

**Iffley Academy** – Separate student, parent and staff forums to identify needs. Myth busting, asking pupils “What do they already know? What do they already think they know? What do they want to learn?” informed what went into SoW. 3 teachers planned what they individually felt most comfortable with and delivered to their own groups (mixed-ability pupils they already have a relationship with, who feel comfortable with peers). Important for pupils to feel safe – have a laugh. Minimise risk of pupils exposing misunderstandings and feeling vulnerable / silly. Openly working on fantasy / reality blurring. Overarching concepts from PSHE Programme of Study

**Mabel Prichard** – Differentiated into core, extended and supported learning outcomes. Discussion around the complex needs of PMLD learners and how to enable access to this work e.g. empowering with a voice, practising saying yes and no and ensuring their voice, choice and advocacy is heard. Cross curricular work on feelings / emotions.

**Work with parents** – understanding the pressures and additional complexities parents face about coming into school, but also missing out on ‘school gate’ interaction with staff and other parents – Create YouTube clips for Parents / Carers on e.g. online safety
