

How to Register on the Reading Services Guide

Service Providers already listed on the Reading Services Guide (RSG)

If you are a provider already known to us you will have been sent an e-mail from 'Reading Services Guide' inbox asking you to register. If you have received an email then that email address has been assigned to your records. Please use the email address that received the request to register on the site - if you use a different email address then the system will not recognise this and you will be setting up a new account which could result in duplication.

Service Providers who are not listed on the RSG

If you are not listed in the directory and would like to display your services or activity then you will need to register. Once you have registered a verification email will be sent to the email address (you must verify the account otherwise the system will not allow you to sign in) you have now registered and can sign in and create a record. Once completed 'save changes' this information will then come through to our team who will check the information before allowing it to be displayed on the RSG (we will contact you directly with any queries)

Key Points:-

- All request to update/register will be sent from the Reading Services Guide in box (please check your spam/junk just in case)
- All updates are checked and verified before allowing the information to be displayed on the RSG
- Check on the website before creating a new record on the Reading Services Guide to make sure your service isn't already listed, if you are listed and would like to access your record contact us:
