

Privacy Notice

What is a Privacy Notice?

A Privacy Notice is the statement that tells you who is collecting information about you and what it will be used for. This helps organisations to comply with the data protection law that requires personal data to be obtained for specified and lawful purposes.

The Childcare Providers Privacy Notice

Childcare providers who deliver childcare to children aged 0-4 years old (including Funded Early Learning) must collect information about each child and their parents and or carers. This privacy notice informs you about:

- What information is collected about your child and you as a parent / carer.
- What the information is used for.
- Whom the information is shared with.

What information do we collect?

We collect the child's:

- Full Name (legal and chosen).
- Date of Birth.
- Gender.
- Home Address (including postcode).
- Ethnicity.
- First Language.
- Special Educational Needs requirements.

Whenever your child attends our facility we will also monitor and record the following:

- Attendance.
- Attainment.
- Physical Development.

We collect the parent / carers':

- Full Name.
- Date of Birth.
- National Insurance (NI) or National Asylum Support Service (NASS) Number.
- Address (including post code).
- Gender.

What is the information used for?

The information will be used to claim Funded Early Learning funding for eligible 2, 3 and 4 year olds and if applicable the Early Years Pupil Premium for eligible 3 & 4 year olds.

With your agreement the Local Authority will use this information to enable your child's Early Years Provider to claim the funding your child is entitled to in the current and future academic years for the purposes of the Early Years Pupil Premium. The Local Authority may also use this information when your child begins school to check your child's entitlement for Free School Meals. This eligibility also awards your child's school pupil premium which will directly benefit your child's learning.

The Local Authority may request a copy of your agreement with your child's Early Years Provider to support the funding claim and as part of the compliance function they perform to check that the funding is being claimed appropriately.

The information we collect on your child is also used to help us monitor your child's progress and achievements during their time spent with us, and to identify any additional educational or early years services that can be offered to support your child's overall development and help prepare your child for school.

Who is my information shared with?

As your childcare provider, it is our responsibility to forward your children's registration details to the Local Authority (LA) – in our case Sheffield City Council. Sheffield City Council will use this information to carry out a number of activities. These include:

- Informing current and future educational settings of your eligibility status for additional funding without you needing to reclaim. **NB:** If you wish, at a later date, to withdraw consent for use of your data for Early Years Funding entitlement, or School age Pupil Premium and Free School Meals please notify the Local Authority in writing to Early Years Funding, Level 7, West Wing, Moorfoot Building, S1 4PL – or email EYFELCensus@sheffield.gov.uk
- Calculating Funded Early Learning (FEL) Funding received by childcare providers.
- Sharing with another setting the number of FEL hours previously claimed for a child to avoid double funding claims for the same child.
- Making an assessment of any Special Educational Needs and/or Disabilities (SEND) a child may have.
- Monitoring the number of statutory EYFS 2 year progress checks and 2 year Integrated Reviews completed across the city and by area. Inform the development of Early Years Quality Improvement programmes, including moderation activity and future targeted and universal support to providers.
- Assessment and planning of early years childcare places and services offered throughout the city to meet needs of children and their families.

Families with children taking up Funded Early Learning will be registered with their local Family Centre if they have not previously registered. If you wish to opt out of Family Centre membership then please contact: Jo Bunting, jo.bunting@sheffield.gov.uk or by telephone: 0114 2813758.

Sheffield City Council will share its information with organisations processing information to administer children's services. These may include:

1. Qualifications and Curriculum Development Agency (QCDA)

The role of the QCDA is to develop the curriculum, improve and deliver assessments, and review and reform qualifications, to help ensure that everyone can get the knowledge, skills and qualifications they need.

The QCDA uses information concerning children to conduct national assessments such as the Foundation Stage Profile. All providers of education and care to children from birth to the age of five follow the standards set in the early year's foundation stage (EYFS) framework and it is the role of QCDA to ensure its success.

2. Office for Standards in Education, Children's Services and Skills (Ofsted)

Ofsted assesses the quality of children's services for each local authority annually. It regulates the services being provided in the care of children and young people. Ofsted don't process any information about individual children, but it does use information about the achievement of groups of children to help make decisions about the quality of education in Early Years Settings.

3. Department for Education (DfES)

The Department for Education may use information concerning children and pupils for research and information purposes to allocate funding, to inform, influence and improve education policy and to monitor the performance of the education and children's services as a whole.

Information concerning children is fed back to the LA for a variety of purposes including data checking exercises and self-evaluation analysis.

4. Public bodies responsible for the administration or auditing of public funds

Sheffield City Council is under a duty to protect the public funds it administers, and to this end may use the information provided for the prevention and detection of fraud. It may also share this information with other bodies responsible for auditing or administering public funds for these purposes.

If you wish to access the personal data held about your child

Children have certain rights under the Data Protection Act 1998, including a general right of access to personal data held on them, with parents exercising this right on their behalf if they are too young to do so themselves. If you wish to access the personal data held about your child, please contact the relevant organisation in writing:

Sheffield City Council (team dealing with Funded Early Learning data)
