

# Sheffield KeyRing Networks

KeyRing supports vulnerable people with a variety of needs which may include a learning disability, mental health issue or physical disability, to live independently in their community. The people we support are called Members.

Members are supported to maintain their tenancy, pay bills, read and understand their letters and report repairs. They are also supported to make connections in their community and to get to know and support each other. KeyRing can also support people with other things such as cooking, shopping and cleaning.

As well as one to one support we offer the opportunity for Members to access group activities in a wide range of topics, at one of our Hubs. These sessions are a good opportunity to make new friendships, get to know each other and develop new skills. Sessions may also include outside speakers covering topics such as fire safety, hate/mate crime, benefits or housing.

With our dedicated team of staff and volunteers KeyRing will help you to become more independent. It's really important that you get the support you need and want in a way that suits you. This may include building relationships with other Members, making connections in your community and working in partnership with others.

KeyRing works hard to make sure that you are listened to so that you can achieve the things you want. We will look at your support plan and work with you to achieve your goals.

Some of the new things we can help with are:

- Help to find a job or volunteer role

- Attending group sessions at a Hub

- Help with managing your money, paying bills and sorting out benefits

- Keeping you and your home safe

- Reading and helping you to understand your letters

- Building friendships and helping each other

- Support from our out-of-hours advice service, available at any time

- Local and national involvement in KeyRing

The above list is not exhaustive and it would be important to discuss and agree with you what areas you would need support with. Above all KeyRing is committed to ensuring that Members live the lives that they want.

### How much does KeyRing cost?

£13.95 per hour
