Listening and Attention Skills
March 2017

Children need to learn when to talk, when to listen and how to take turns – parents and carers are the best people to model these interaction skills even to very young children, because they love to watch you and copy what you do!

ACTIVITY
Taking Turns!

Play any simple game where you need to take turns ....
E.g. take turns to add a brick to a tower you’re building, take turns to do a puzzle between you, take turns to roll a marble.
