

# Supporting your Teenager Towards Independence Workshop

Delivered by Paul Harper  
MBE of Lifetime Design

Parents in Partnership Stockport

This is a **FREE** Information Workshop for parents and carers of young people with Education, Health and Care Plans or Complex Needs

As teenagers get older, they will move out of children's health, social care and education services into adulthood. Services will expect them to make decisions for themselves wherever possible.

This one-day course will provide a timeline for this transition and show you how to get the best for your teenager - and yourselves - as they move towards adult independent living.

We hope to be joined by colleagues from Stockport social care, homes, careers and health in the afternoon to answer general questions on topics like learning and employment, social care and housing.

**Thursday 13th June 2019, 9.30am - 2.15pm**

The Topaz Suite, Cheshire Conference Centre, Edgeley Park, Hardcastle Road, Stockport SK3 9DD. **Lunch is included on the day and there is free parking.**

**Places are limited, please book early via  
[www.eventbrite.co.uk](http://www.eventbrite.co.uk) and search for 61593930103**

Or you can book by phoning Parents in Partnership Stockport on 07786 101072 or email: [info@pipstockport.org](mailto:info@pipstockport.org) stating your name, telephone number, email and how many guests, any dietary, access or other requirements.
