

Summer 2019: Friendly Fridays: See, Make & Do

**Friday 16 Aug, Friday 23 Aug & Friday 30 Aug
9.15-11.30am**

Friendly Fridays - our summer daytime See, Make and Do autism friendly sessions will be running on Fri 16, Fri 23 and Fri 30 Aug.

Join us for activities at the Museum aimed at children who have autism and other needs, along with their families and carers, and siblings.

Activities take place in the Museum's fossils gallery where our dinosaur Stan the T-Rex is.

See objects, do activities & make creations inspired by the objects in the gallery.

There is a quiet room available if you wish to take time out of the session.

Drop-in, free. Autism Friendly: for children and young people aged 5-16 with a parent or carer and siblings welcome
