ReGenerate - Hope For Autism
Little Explorers Sensory Play
The Innovation Hub, Newtown Community Resource Centre, Stockton, TS19 0DE
Our aim is to inspire, empower and transform lives. Be inspired by successful autistic adults; be empowered to reach your goals; and transform you situation with support and training from people who've lived it.
Little Explorers: Our fun sensory play sessions for under 5's will strengthen your little ones brain development for learning, developing language, physical skills, spatial awareness and problem solving.
Nurturing Peer Support: We work with the individual and family to tackle the root causes of your child's anxiety and challenging behaviour and build their confidence for developing skills, aspirations for the future and independence into adulthood.

Daisy Chain was established to provide a haven for families affected by autism in the Tees Valley. Our unique charity addresses the needs of children on the autism spectrum and their families, including support for children undergoing the diagnosis process, their parents & carers, siblings, and services for autistic adults. We provide a place for them to go to feel supported and understood without judgement.

Eastern Ravens Trust provides dedicated and tailored support to young carers and their families. Young carers are children, young people and young adults who provide regular and ongoing physical and emotional care, personal care or practical support to a family member who is physically or mentally ill or who is disabled or misuses substances. The service provides a menu of support which can include young carers respite breaks, one to one support or a young carers card.
