WHO 'HEARS' ME?

On 25th September in Stoke, we will be meeting with services to look at how we best communicate with young people in Stoke-on-Trent who face challenges with their learning, health, or wellbeing. You may be involved with one of our special schools or alternative education providers, you may be home educated, or accessing one of our care or care leavers services or you may have spent a long time in hospital.

If you want to help us make things better for other young people like yourself, even if you can't come to a meeting, please get in touch with me. If you can attend on 25th please let me know as soon as possible.
