

Bright Heart Education helps students shine

Bright Heart Education is a London-based tuition agency helping students with learning challenges, those lacking confidence and motivation or those that don't quite "click" in traditional classrooms.

The agency's heart-based approach focuses on the unique needs of each student, while building rapport and confidence with warmth. Bright Heart commissioned nasen to produce an exclusive online training course to ensure that its tutors understand the importance of meeting the individual learning needs of all its students.

Bright Heart provides carefully matched tutors for one-to-one tuition and offers a free consultation and the first lesson free.
