What is domestic violence?

Domestic violence is violence that occurs between family members or partners and includes:

- **Physical abuse** – hitting, slapping, punching, biting, kicking
- **Emotional/psychological abuse** – put-downs, threats, verbal abuse and humiliation, isolation from family and friends
- **Sexual abuse** – rape, unwanted sexual contact, forcing sex with others, making you watch or take part in pornography or engage in prostitution
- **Financial abuse** – being kept without money, having to account for everything you spend, preventing you from getting or keeping a job
- **Harassment** – being watched, followed or pestered, receiving unwanted phone calls, texts or Facebook messages
- **Honour based violence** – violence or abuse done to protect or defend the honour of the family or community
- **Forced marriage** – marriage without the consent of one or both parties
- **Female genital mutilation**

If you are in immediate danger call 999

The contact details for the support worker and organisation referring you to the MARAC are:
What is the MARAC?
MARAC stands for Multi-Agency Risk Assessment Conference; it enables professionals to work together to ensure the safety of people living in Wandsworth who are at the highest risk of harm from domestic violence and abuse.

The MARAC process makes it possible for different organisations such as hospitals, police and schools to share relevant information in a confidential way. This helps to get a clearer picture of the situation so that the right steps can be taken to help a person (and their family) be safer.

All the information shared is highly confidential and restricted to the organisations involved in planning for a person’s safety.

How does it work?
If your support worker has suggested that your case be referred to the MARAC it is because they believe that there is a high risk of harm to you. If you decide that you do not want your case to be referred to the MARAC, you will continue to work with your support worker in the same way as before.

1. Your support worker will prepare the referral based on your discussions with them.
2. The details of your case are sent to the MARAC Coordinator and relevant information is shared with its members.
3. As information about you becomes available, your case will be discussed and actions put in place to meet your needs and increase your safety.

Your IDVA will normally represent you at any meetings and explain to you what actions are being taken and what will happen next.

How long does it take?
Once the referral is received by the MARAC, it will be forwarded to the partners within two days. Some of the members will contact you shortly after this to offer support and advice on keeping yourself and your family safer.

Who is involved?
The MARAC is made up of professionals from:
- Wandsworth Council – Community Safety, Housing, Education and Social Services
- Wandsworth Police Community Safety Unit
- Wandsworth Safety Net/Victim Support Domestic Violence Advice Service
- Community Mental Health Services
- London Probation
- Drug and Alcohol Services
- St George’s Hospital Trust Services
When necessary, the above members may also work with a range of other services, such as housing associations, national and local community organisations and GPs.

What about confidentiality?
Any information shared about you is treated as highly confidential. It is not given to anyone who is not involved in helping you to be safer.

Who can I talk to about the MARAC?
If you believe you are at high risk of harm from domestic violence, speak to your support worker about referring your case to the MARAC.

If you don’t have a support worker you can contact Wandsworth Safety Net, Wandsworth Police Community Safety Unit or visit the One Stop Shop. Contact details are on the back of this leaflet.

How can the MARAC help me?
All referrals to the MARAC are:
- Flagged so that requests for help are treated as urgent
- Allocated an Independent Domestic Violence Adviser (IDVA) who will contact you to offer support and advice. IDVAs are trained specialists whose goal is your safety

Examples of other actions could include:
- Assistance with emergency accommodation or housing transfers
- Making your home safer with the Stay Put Stay Safe scheme
- Providing you with a TecSOS mobile phone for help in emergencies
- Making sure your children do not leave school with anyone without your permission
