Requirements for the Childcare Register: childminders and home childcarers

A childcare factsheet

This guidance describes the requirements set out in regulations for both parts of the Childcare Register (compulsory and voluntary). If providers choose to be included on either part of the register they must meet these requirements at all times when providing childcare.
Introduction

This factsheet describes the requirements set out in regulations for both parts of the Childcare Register (compulsory and voluntary). If providers choose to be included on either part of the register they must meet these requirements at all times when providing childcare.

The law allows Ofsted to carry out inspections to check that providers comply with these requirements.

You will notice we have numbered the requirements. The requirements are not numbered in the regulations document but we have found the numbering a useful reference tool. The documents the inspector will use at your visit will have the same reference numbers.
